IT. Rivestimento decorativo tenuemente metallizzato per esterni

Animamundi per Esterni è un rivestimento decorativo di natura acril-silossanica dotato di elevata idrorepellenza e buona permeabilità al vapore. La formulazione anti-alga aiuta a preservare l'aspetto estetico della finitura da muffe ed alghe. Animamundi per Esterni interpreta in maniera innovativa il concetto di "cemento dilavato", offrendo una soluzione decorativa che unisce estetica e matericità. Da un lato, il prodotto esalta un effetto moderatamente perlato ed opaco, dall'altro conferisce una forte connotazione materica, permettendo di ottenere finiture che spaziano dal tipico cemento spatolato al cemento materico più strutturato.

Animamundi per Esterni è un sistema decorativo composto da **R-Stone Fondo** e dalla finitura **Animamundi per Esterni**, progettato per donare agli spazi esterni un'eleganza contemporanea e una texture unica, ispirata ai processi di trasformazione della materia.

Resa: R-Stone Fondo 1 kg/m², Animamundi per Esterni 3-6 m²/l nei due strati.
Per maggiori informazioni consultare la scheda tecnica.

EN. Soft metallic decorative architectural trowel-on coating for exteriors

Animamundi per Esterni is an acrylic siloxane highly water repellent decorative coating with excellent permeability to steam. The anti-algae formulation helps to protect the appearance of the finishing from mould and algae.

Animamundi per Esterni innovatively interprets the concept of "washed concrete," offering a decorative solution that combines aesthetics and materiality. On one hand, the product enhances a moderately pearlescent and matte effect, while on the other, it provides a strong material connotation, allowing for finishes ranging from classic trowelled concrete to a more structured material concrete.

Animamundi per Esterni is a decorative system composed of **R-Stone Fondo** and the **Animamundi per Esterni** finish, designed to bring contemporary elegance and a unique texture to outdoor spaces, inspired by the transformative processes of matter.

Yield: R-Stone Fondo 1 kg/m², Animamundi per Esterni 3-6 m²/l in two layers.
For more information please check the technical data sheet.

FR. Revêtement décoratif tendrement métallique pour l'extérieur

Animamundi Per Esterni est un revêtement acryl-siloxane, avec une excellente capacité hydrofuge et une bonne perméabilité à la vapeur. La formulation anti-algue aide à préserver l'aspect esthétique de la finition en cas de moisissures et algues.

Animamundi per Esterni interprète de manière innovante le concept de « béton lavé », offrant une solution décorative qui allie esthétique et matérialité. D'une part, le produit met en valeur un effet modérément nacré et mat, d'autre part, il confère une forte connotation matérielle, permettant d'obtenir des finitions allant du béton spatulé classique au béton texturé plus structuré.

Animamundi per Esterni est un système décoratif composé de **R-Stone Fondo** et de la finition **Animamundi per Esterni**, conçu pour apporter une élégance contemporaine et une texture unique aux espaces extérieurs, s'inspirant des processus de transformation de la matière.

Rendement: R-Stone Fondo 1 kg/m², Animamundi per Esterni 3-6 m²/l dans les deux couches.
Pour toutes ultérieures informations consulter la fiche technique.

DE. Zart metallische dekorative Beschichtung für Außenbereiche

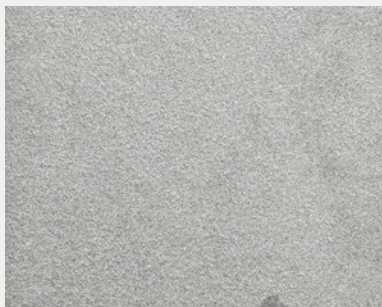

Animamundi per Esterni ist eine dekorative Acryl-Siloxan-Beschichtung für Außenbereiche mit einer hohen Wasserabweisung und guten Dampfdurchlässigkeit. Ihre algenfeste Formulierung trägt dazu bei, die ästhetische Wirkung des Deckanstrichs vor Schimmel und Algen zu schützen.

Animamundi per Esterni interpretiert das Konzept des „gewaschenen Betons“ auf innovative Weise und bietet eine dekorative Lösung, die Ästhetik und Materialität vereint. Einerseits verstärkt das Produkt eine mäßig perlmutartige und matte Wirkung, andererseits verleiht es eine starke materielle Prägung, wodurch Oberflächen entstehen können, die vom klassischen gespachtelten Beton bis hin zu strukturiertem Materialbeton reichen.

Animamundi per Esterni ist ein dekoratives System, das aus **R-Stone Fondo** und der **Animamundi per Esterni**-Finish besteht. Es wurde entwickelt, um Außenräumen eine zeitgenössische Eleganz und eine einzigartige Textur zu verleihen, inspiriert von den Transformationsprozessen der Materie.

Ergiebigkeit: R-Stone Fondo 1 kg/m², Animamundi per Esterni 3-6 m²/l in den beiden Schichten.
